

1 JULY 2024

PUBLIC NOTICE

AMENDMENT OF TARIFFS OF CHARGES FOR MUNICIPAL SERVICES.

PURPOSE

The purpose of this proposal is to obtain approval to amend the existing/current tariffs for municipal services for services rendered for 2024/2025 financial year

OBJECTIVES

There is a need to annually revise the tariffs and to make provision for new tariffs due to amendments in legislation.

Revision is necessary to prevent subsidising users requesting Municipal Services.

The proposed tariffs were calculated on a reasonable average based on a comparison of four different municipalities within Gauteng.

PROCESS

The following aspects were taken into consideration during the determination of the proposed tariffs.

Users of Municipal Services should be treated equitably during the application of this tariffs, the amount to be paid should be in proportion of the services rendered. The tariffs must reflect the costs reasonably associated with rendering a specific service, the tariffs must facilitate the financial sustainability of the service.
